

THE BLAIRMORE ENTERPRISE

VOL. XI, NO. 3

BLAIRMORE, ALBERTA, THURSDAY JANUARY 15, 1920

\$2.00 YEARLY

Canadian-American Trade Relations

In America's last fiscal year Canada sold \$400,000,000 of her products in the U. S. Market, but purchased there \$700,000,000 of goods. Thus \$1,100,000,000 of Canadian-American trade was affected by the fluctuations in Canadian Exchange. We maintain separate Foreign Exchange Departments under specialists at our New York, London, Montreal, Toronto, Winnipeg and Vancouver branches, to offer you the fullest measure of assistance in your trade financing.

BLAIRMORE SCHOOL BOARD REORGANIZES

Teachers' and Janitor's Salaries Raised

First Meeting of 1920 Council

Committees Appointed for Ensuing Year.

The first regular meeting of the new 1920 council was held on the night of Thursday, January 8th, when Mayor Ewan and Councillors McLeod, Gillis, Montalbetti, McDonald and Teebe were present.

On motion by Councillor Gillis, the minutes of previous regular and special meetings were approved as read.

Councillor Dutil gave notice that at the next regular meeting of the law to appoint officials.

The following committees were appointed, the first named in each to be chairman or convenor: Finance—Gillis, McLeod, McDonald.

Fire and Light—McDonald, Dutil, Gillis.

License and Police—Dutil, Beebe, Montalbetti.

Waterworks—Beebe, McDonald, Dutil.

Health and Relief—McLeod, Gillis, Beebe.

On motion by Dutil-McDonald, W. A. Beebe was appointed deputy mayor for the ensuing three months.

The secretary was instructed to write P. Burns & Co. and the F. M. Thompson Co. for measurements of concrete and brickwork for the purpose of arriving at a cost.

McDonald-Montalbetti—That the second and fourth Thursday of each month, at 8 p. m., shall be the date and hour of regular meetings of the council, excepting when such days shall fall on a public holiday, then the meeting to take place on the next working day. Carried.

Council adjourned.

The next regular meeting of the council will be held on Thursday next.

Bellevue Lodge Installs Officers

The officers of Bellevue Lodge No. 118, J. O. O. F., were duly installed on the first Monday night of the year, thus maintaining the good record established several years ago. There was a good attendance, and the officers were installed by Albert Halliworth, D. D. G. M., with assistance of a number of past grands of Bellevue Lodge. Following are the officers for the ensuing term:

Junior Past Grand—Rev. H. Peters
Noble Grand—George Christie
Vice Grand—James Consens
Chaplain—Harry Blake
Warden—Bert Dryden
Conductor—Fred Padgett
Treasurer—Thomas Bradley
R. and F. Secretary—Herbert Barlass

R. S. N. G.—Joe Grammatica
L. S. N. G.—J. Milnes
R. S. V. G.—Gilbert Consens
L. S. V. G.—Alex. Wells
R. S. S.—Charles Ray
L. S. S.—Albert Padgett
Inside Guard—Roger Haddad
Outside Guard—W. Brooker

Following the installation, refreshments were served and a short programme of speeches and songs rendered.

The Knights of Pythias will spend "A Night With Burns" at the Coleman opera-house on Friday night next. A good concert programme will be followed by a grand dance, with Stokes' orchestra furnishing music.

Differences arising over the personnel of the Blairmore school board were overcome at a meeting of the old board and newly-elected last night. At a previous session, the question arose as to whether Mr. McPhail or Mr. Beebe should retire, and because the tangle originated through advice from the attorney general's department, a committee was appointed to take the matter back to that department for correction. In the meantime, however, that committee discovered sufficient documentary evidence in the office of the secretary-treasurer to decide the issue, and were in a position last night to make declaration of the fact that the term of office extends to December, 1920, while that of Mr. McPhail's concluded at the end of 1919, through the declaration of the returning officer in December, 1918, having been made under the village instead of town board regulations.

The board newly constituted comprises: Allan Hamilton, W. H. Chappell, L. Dutil, Joseph Harmer and W. A. Beebe. On motion by Mr. Chappell, Mr. Hamilton was elected chairman for the ensuing term.

The matter of appointing a secretary-treasurer was left over until after the appointment of town officials.

The main question of the evening was how to relieve congestion at the school. For lack of accommodation, some fifteen or twenty children are barred from attending the primary school. A committee comprising Messrs Hamilton, Bartlett and Beebe was appointed to go into this matter and report early as possible, but to have full power to engage the room.

Salaries question next came before the new board. A scale of salaries accompanied an application from the teachers for increases. The 1919 board had suggested an increase of 10 per cent, beginning with the new year, and the scale submitted by the teachers met with approval of the new board, except the request of Miss Fulton for \$1300. Miss Fulton was granted \$1200, being an increase over last year of \$100. Under the new scale the minimum salary is \$1000, while that of the principal has been advanced from \$1800 to \$2000.

A motion was made by Mr. Chappell that the janitor be granted the same 10 per cent increase; which would bring his stipend up to \$125 per month. Mr. Dutil moved an amendment to the effect that the janitor receive \$135 per month. Mr. Chappell withdrew his motion, and the full board supported the \$135 resolution.

On motion, the secretary was instructed to call an annual meeting of the board and ratepayers at the earliest date possible, when financial and school reports may be submitted for consideration. It was thought probable that such a meeting could be held on the evening of January the 26th.

The home of Mr. and Mrs. James Milne, at Pincher Creek, was totally destroyed by fire during a heavy wind storm on Sunday morning last.

A grand moccasin dance will be held on the Veterans' rink, West Blairmore, on Monday night next. Good ice is expected and a record crowd. Good prizes will be awarded.

NURSES ADVISE

Zam-Buk, because they have proved that it does what is claimed for it. Miss E. L. Dorey, graduate nurse, at 220 Michigan Ave., Chicago, says: "I have a patient who suffered terribly with piles. Zam-Buk is the only remedy that gave her relief."

I have used Zam-Buk myself for the same ailment, also for hemorrhoids and have the greatest confidence in it."

Zam-Buk

Canada's Second "One Hundred Days"

Canadians everywhere have read, or listened to recitals of, Canada's wonderful "One Hundred Days," that period from August 8 to November 11, 1918, when the ever victorious Canadian Corps was the spearhead of the great Allied advance from Amiens to Mons and which resulted in the unconditional surrender of the German armies. Those "One Hundred Days" will live forever, not only in the history of Canada, but in the history of all nations, of civilization itself.

It is now a well established fact that it was the wonderful attack of the Canadians from Amiens on August 8, 1918, that brought the war to an end that year. General Ludendorff, the German chief of staff, has admitted it. The higher Allied command have acknowledged that the attack from Amiens was ordered solely with the object in view of "freeing" the Antwerp-Flanders railway from enemy gun fire, and with that accomplished, that it was the intention to stand on the defence throughout the winter of 1918-19 until the United States army was fully in the field and ready for a great spring offensive. But so successful was the Canadian attack, resulting in the greatest penetration of an opposing line in the whole history of the war, that the success was further exploited, with the result that on November 11 the Germans surrendered and signed the most humiliating armistice terms ever signed by a great nation.

Canada now faces at the beginning of 1920 another "one hundred days," which are fraught with great possibilities for good or ill in the welfare of this Dominion and its people. During the past year, as our soldiers were returning home in their thousands every month, a very large measure of success was met with the finding of suitable places of employment for them, with the result that their re-establishment in the civilian life of the country has proceeded rapidly and with a minimum of friction, suffering and loss to all concerned. Compared with other lands there has been little unemployment in Canada, nor has it been found necessary to retain a large body of men in khaki and under military pay in order to prevent a considerable number from complete idleness and unemployment.

"A period has now been reached during these winter months when unemployment is on the increase and a goodly and increasing number of men who fought overseas are in need of work. This fact is disclosed by the weekly and monthly reports from Government employment bureaux all over the country, and it is manifesting itself in these western provinces. This period will not close, probably about three months, until spring operations on the farms, building programs in the cities and towns, construction work on roads and railways, begin. But this period must be tideed over, not only in the interests of the men themselves and their families, but in the interests of Canada. Between now and the commencement of spring

activities in all branches of business comes Canada's second vital, all important "One Hundred Days."

The Dominion government has provided a federal emergency appropriation to assist men out of work, but it is vastly more important that work should be provided for these men rather than that they should be in receipt of grants from the government while remaining in idleness. It is far better that employers of labor should make work for these men, even if no profit accrues to themselves therefrom, or even at a slight immediate loss, than that the men should remain idle. In any event the people must pay the cost through taxes if these men are maintained through emergency appropriation. It is better that the men be employed, even if at a comparatively small salary, and in training for work which will be fitted to do after these one hundred days have passed and the activities of the spring and summer seasons have begun.

Fitting these men into places now, whether on the farm, in the shop, or office, training them for work, thus enabling them to become acquainted with their tasks, will make them more valuable helpers a few months hence, consequently the pay given for unproductive work now will yield dividends in better and more work later on. It will result in gain to both employer and employee.

From a national standpoint, it will be found to be wise. Greater production is unquestionably the greatest of all needs of this country, that is, greater production along all lines. Only by a larger production and the development of its wealth of natural resources can this country escape bankruptcy, and the people be relieved of a grinding load of taxation and debt. By getting every idle man busy now in training for, and familiarizing himself with, the work he will later undertake with his fellow workers, the largely developed capacity, the best possible initial step will be taken to guarantee and make possible that larger production in Canada which the necessities of our national position call for in 1920.

To match any material, have dealer show you "Diamond Dye" Color Card.

World's Biggest Hall

City of Paris Will Build Building Covering 18½ Acres

Paris is to have what the newspapers declare to be the greatest hall in the world. The bill authorizing demobilization provided that an exhibition palace be constructed for agricultural and horse shows, the state paying two-thirds of the cost and the city of Paris one-third. The building is to be finished within four years.

The plans for the new construction now before the municipal council provide for a hall 435 metres (1,427 feet) long, 115 metres high, with side galleries. The building will cover 7½ hectares (about 18½ acres).

Ex-Service Men Coming to Canada

Careful System of Selection of Candidates for Land Settlement

An order-in-council has been passed making provision for the settlement of imperial ex-service men in Canada. In order to ascertain the adaptability of the applicant to fit into Canadian life and make a success of farming, the soldier settlement board will establish a careful system of selection of candidates in the old country.

Selection committees will hold sittings in various parts of England and Scotland. These committees may enquire into the physical, moral, financial and other qualifications of prospective settlers, and issue certificates certifying those to proceed to Canada to receive training in Canadian methods of agriculture. Selected candidates may receive the training by taking a course at a training centre established by the board, or by working with experienced farmers. The length of training in Canada for candidates with little or no previous experience shall be two years and in the case of candidates who have had considerable farming experience in Great Britain at least one full summer must be spent on a farm in Canada.

Qualified candidates will be entitled to receive the financial benefits of the act, but shall be required to make an initial down payment of 20 per cent of the purchase price of the property selected.

All the expenses incurred by candidates, including the cost of subsistence while receiving training, shall be borne by the candidate.

AN IDEAL TONIC FOR WEAK PEOPLE

Dr. Williams' Pink Pills Act Directly On The Blood and Nerves

Food is as important to the sick person as medicine, more so in most cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness, the appetite is often fickle and depraved.

Proper food and a good tonic will help one to live in good health. Dr. Williams' Pink Pills are the most popular tonic medicine in the world, harmless and certain in their action, which is to build up the blood and restore the vitality to the run-down system. For growing girls who become thin and pale, for pale, nervous men and for old people who fall in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands of people have testified to the health-giving qualities of Dr. Williams' Pink Pills, and in many homes they are the only medicine used. Among the homes in which the benefit of this medicine has been proved is that of Mr. E. A. Underwood, Kingston, Ont., who says:—"I have used Dr. Williams' Pink Pills with the most beneficial results. As the result of hard work I was very much run down, and my appetite was very poor. I got a supply of the pills which I used regularly for some weeks with the result that they restored me to my old time strength. They also proved a blessing to my daughter, who was in a very anemic condition, and who seemed to get more than temporary relief from any medicine until she took Dr. Williams' Pink Pills. She took the pills for about three months, and is now enjoying the best of health. For these reasons I can strongly recommend Dr. Williams' Pink Pills."

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, health and spirits. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

It takes an expert to tell the difference between war and peace in Mexico. Champagne contains much less alcohol, in proportion, than port, sherry or Madeira.

As Influenza is an exaggerated form of Grip, LAXATIVE BROMO QUININE (Tablets) should be taken in larger doses than is prescribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE Tablets in time.

Minimum Wage Board's Aim

Work Involves Program of Quite a Constructive Nature

G. N. Jackson, former president of the Winnipeg Board of Trade, has been appointed chairman of the Minimum Wage Board. The work before the board now is largely administrative in character; it involves also a program of quite a constructive nature. The regulations governing women in industry have been standardized as to wages, but there still remains considerable disparity in regard to hours. The aim of the board is to bring time schedules to a 40-hour week standard. This will be affected gradually and in co-operation with employers.

CHILBLAINS

Women's Wage Act Extended

The Women's Minimum Wage Act has been extended to women employees in hotels and restaurants, according to a decision of the Saskatchewan Legislature, and now applies in addition to the class of help to women employees in laundries, stores and mail order houses.

HEART SO BAD WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yatesman, Krugersdorf, Ont., writes:—"I feel that I must write and tell you of the benefit I have received from Milburn's Heart and Nerve Pills."

About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better, although the fainting spells would not leave me. I would take such terrible falls, that I was, that it was not safe to leave me at home at any time. At last I decided to resort to proprietary medicines and took several different kinds, but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them, and before I had taken more than a box I could see they were helping me. I have taken about ten boxes, and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me, and I advise any one troubled with their heart to try them, as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The J. Milburn Co., Limited, Toronto, Ont.

Soldiers to Be Teachers

Special Teachers' Course of Training to Cover a Period of 15 Weeks

For the purpose of helping returned soldiers who are out of employment, and also of relieving the lack of teachers for the schools of Manitoba, the Department of Education has arranged for a special teachers' course of training to cover a period of 15 weeks, beginning January 15. The classes will be held in the St. Boniface Normal School under the direction of the principal and faculty of the Winnipeg Normal School. Students will be admitted who have a Grade 10 standing, or the old three-class non-professional certificate. The government will extend loans to those who require them, in order to enable them to take the course. Advances of \$50 per month up to \$200 will be allowed, and repayment can be made on easy terms.

ARMISTICE!

Constipation, Headache, Colds, Biliousness, Sufferer to "Cascarets!"

Bring back peace! Enjoy life! Your system is filled with liver and bowel poison which keeps you sick, your stomach upset, your head dull and aching. Your meals are turning into poison, gases and acid. You can not feel right. Don't stay hungry or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh Pills. They're so little too—Cascarets work while you sleep.

Length of Animal Life.

A dog at 20 or 25 years can no longer drag himself along; a pig is a tottering veteran at 20; at 15 at the most a cat no longer chases mice; the goat and sheep at 10 or 15 touch extreme old age; the rabbit at the end of its skin at 8 or 10; and the rat, if it lives 4 years, is a prodigy of longevity. Among birds, the pigeon may live from 6 to 10 years; the guinea fowl hen, and turkey, 12. A goose lives longer; it attains 25 years, and even a good deal more. The goldfinch and sparrow, birds free from care, at least, always frisking, happy as possible with a ray of sunlight in the foliage and a grain of hemp-seed, live as long as the goose. These very happy little birds live from 20 to 25 years, the age of an ox.

The upper ten is composed of the winning nine and the umpire.

If a man has plenty of sand he always has plenty of grit.

W. N. U. 1298

Warning From Health Bureau

Amthraz Cases Have Been Traced to Jap Shaving Brushes

If anyone has recently purchased a new shaving brush they should make sure it did not come out of a consignment tainted with anthrax. Two cases of this disease in London, England, have been traced to Japanese shaving brushes. Anthrax is an infectious and usually fatal disease of animals, especially sheep and cattle, but occasionally attacks human beings. It is characterized by ulcerations of the skin, enlargement of the spleen and general collapse.

"Dr. Seymour, public health commissioner for Saskatchewan, has been advised by the department of health, Ottawa, as follows:

The following telegram has been received from the high commissioner of Canada, London, and is transmitted to you for your information: "Ministry of health informs me that in investigating sources of two cases of anthrax in London, it has been found that some shaving brushes manufactured in Japan and bearing identification marks 1736-2592 and 5238, were infected with anthrax. Four other consignments believed to be of Japanese origin have since been found infected. Identification numbers 119 stroke 146-1022-1040 and 1073. Steps have been taken by the ministry to stop the sale of all brushes from infected consignments."

—D. A. Clark, Assistant Deputy Minister.

A Mule's Epitaph. An army mule at one of the cantonments "went west." The private who had charge of the last rites had to fill out the regulation form, and came across the suggestion, "Disposition of carcass."

After a moment's thought Samuels wrote on the blank line: "Mean and deceitful."—Dallas Herald Magazine.

Gamache Versus Zoratti**Judgment**

The evidence as to the circumstances under which this transaction was actually concluded is not at all satisfactory to me. The plaintiff does not seem to have any knowledge of it at all. The defendant Zoratti gives evidence with respect to it which I do not entirely believe as to the exact condition of Gamache at the time that this transaction was put through. While it is very difficult to say as to this, I have absolutely no doubt at all that, during practically the whole of his stay at Natal, which lasted for about a month, the man was drunk nearly all the time. His disposition was such as to completely unfit him for the transaction of business and render him an easy prey to any person who wished to take advantage of his condition. I have not a shadow of doubt that both Zoratti and his wife knew perfectly well what this man's condition was during his sojourn in their hotel. I think that this transaction was, apart altogether from the exact condition that Gamache might have been in at the time he signed the papers, I think that it was, in effect, a fraud on Gamache. I think advantage

CHURCH CORNER**Union Church Services**

Subject for Sermon Jan. 10th, "The attitude of our front street Blind Pig proprietors to Morality."

Wednesday evening—Prayer meeting at 8 o'clock.

On Wednesday evening January 10th, Rev. W. T. Young held a reception service in the Union Church, Blairmore, at which twenty-two members were received, eighteen by transfer and four as new members. Following the reception service the ladies served a light lunch during the social hour.

ASSOCIATED ACTIVITIES

Sundayschool at 2 o'clock. We will welcome children who are not now attending any Sunday school, but we do not want those who are already members of a Sunday school in town.

MISSION BAND

On Saturday, Jan. 17th, at 3 p. m., the domestic science class for girls, in connection with the "Mission Band," will meet at Mrs. Henderson's.

Experts in needle work as teachers. Girls do not miss the first lesson in the needle work class.

Press Secretaries,

LILLIAN TURNER
and NORMA DILLINGHAM
W. T. YOUNG, Pastor.

**CHANGE IN
TRAIN SERVICE**

Effective January 18th, 1920, there will be a general change in train service. Times for trains at Blairmore will be:

No. 67 — DAILY — No. 68
8:28 p. m. ar. Blairmore lv. 10:40 p. m.

- DENTISTRY -

Office Hours: 10 a. m. to 6 p. m.
Office: Cameron Bldg., Coleman

was taken of his disposition to put through a deal which would not have been consummated by him if he had been normal. I base that opinion partly upon the condition as explained by his witnesses from Natal, who have testified as to this, with respect to which there is practically no dispute, and also upon the tremendous difference between the value of this property and the alleged consideration for it. If we take nothing more than Zoratti's valuation of the property, made on the transfer by him, there is such a tremendous difference between the price that he says that he paid and the value that he put upon the property, as to stamp it as a fraudulent transaction. The consideration for the transfer is stated at \$650, and in explanation of that the defendants state that while the true value of the property was \$1250, that \$650 was the real consideration therein set out. So that if we go no further than the defendant's own affidavit it is manifest, at the time this transaction was put through, he was buying from a man who was quite incapable of transacting business of this character for the consideration of \$650.00 property which he himself, at that very time, valued at \$1250. In other words, he was getting property valued at almost twice what he was paying for it and such a transaction as that with a man in the condition that Gamache undoubtedly was, is, in my opinion, a transaction that cannot stand. Apart from the evidence of value as disclosed by his own affidavit, there is the evidence of the witnesses from the neighborhood, who know the land, who, while not speaking of it with that fixed particularity which might be desired give me the opinion at any rate that it was worth very much more than \$1250. If it was necessary for me to make any finding as to that, beyond the statement contained in the defendant's own affidavit of value, I have no hesitation in valuing the land at that time at a good deal more than \$1250. I think a transaction of that character entered into with a man in that condition; is one that cannot be upheld in this court, that is, at any rate, as between the plaintiff and the defendant Peter Zoratti.

My opinion is, that if it was an action between these parties alone, it would be a transaction that I would set aside, but the defendant's wife intervenes, and is put forward as the registered owner of the land, and protection is sought for her under the section of the Land Titles Act, which states that in the absence of fraud a Certificate of Title is absolute evidence of the party holding it. I am satisfied that Mrs. Zoratti knew before this transfer was made to her of the objection that had been put forward by Mr. Putnam, the solicitor for Mr. Gamache, to the validity of her husband's transfer. She says that he does not read or write English, that she reads his mail for him as a usual thing, and her hesitancy about saying whether he did or did not read this particular letter to him, satisfies me in my own mind that she did. I think she knew before this transfer was made to her that Gamache was complaining that this property had been got from him by fraud and misrepresentation, and in view of the fact that she was an absolute volunteer, not even knowing that the property had been transferred to her till it had been transferred. I think she is not in a better position than her husband. I think she had knowledge of the fraud that was alleged against her husband at the time she took that transfer, and I think, following the decision of our own Court in case of Sydl against some Saskatchewan company, I must hold, and that I am quite justified in holding, that the notice she had of this was sufficient to bring home fraud to her in connection with the taking by her of this transfer. I think, therefore, the plaintiff is entitled to have these transfers set aside, the Certificate of Title set aside, upon re-payment to the defendant of the advances which he made. He has repaid Lebel. I think I must take it from the evidence, although I have some doubt about it, that he paid the plaintiff the \$200, which he claims to have paid, and for those two sums with interest on them, say from the 15th of December, 1915, at five per cent, he is entitled to a charge on this land. If any taxes have been paid by the defendant I think they are entitled to those amounts also, with interest added to the amounts of their charge. If there is any dispute between the parties as to the amount, then the clerk will decide that.

Mr. McDonald: Might I ask what about the improvements on the place?

THE COURT: I think, not, Mr. McDonald, in view of my finding that there was fraud in the whole transaction. I did not lose sight of the fact that in the examination for discovery, read by Mr. Putnam, the defendant spoke about some improvements made by him, but I do not think that this is a case for allowing him a charge for those improvements. I notice in the transfer from him to his wife, which was made in September, 1916, Mr. McDonald: I am not pressing for it my Lord.

THE COURT: Very well, then, the plaintiff will be entitled to the costs, the costs will be deducted from the amount of the charge that the defendant is found to be entitled to.

Mr. Putnam: My lord, what about use and occupation?

THE COURT: Can you direct my attention to any evidence on that point?

Mr. Putnam: I think there is evidence that he went into possession about a year after he took the transfer. Question 156 of Examination for discovery discloses that.

THE COURT: What do you want me to do on that?

Mr. Putnam: Well, there is evidence that Gamache got \$100, or a horse of the value of \$100, for one year's rental, and now there are the years 1916, 1917, 1918.

THE COURT: There is no evidence on which I can find anything in your favor for use and occupation. I don't think your man is entitled to have everything his own way, anyway.

Mr. Putnam: I am not pressing for it, my lord.

This is an action which was pending at the time the plaintiff Gamache called in the 192nd, and went overseas, so did his solicitor. They both returned about the same time. The action was then continued, resulting in Gamache obtaining judgment for the return of his land,

and Peter Zoratti paying the costs of the court on account of his actions in connection with obtaining the transfer of the property.

J. H. Putnam of Blairmore, Alta. for the plaintiff, John Gamache.
J. W. McDonald, K. C. and D. G. MacKenzie, of Macleod, Alta. and Sherwood Herschmer, K. C., Fernie B. C., for defendants, Peter Zoratti and Theresa Zoratti, of Natal, B. C.

Crerar Points Way To The Federal Field

Brandon, Man. — The most urgent of the problems facing the farmers' independent political party in Canada are in the federal field, so Hon. T. A. Crerar told the convention of the United Farmers of Manitoba. The former cabinet minister talked for more than an hour late in the evening and outlined federal problems, tariff, naval and military expenditures and imperial relations.

"The only way to escape the vast financial burdens which rest on us is by the practice of drastic taxation and rigid economy," said Mr. Crerar. He urged the importance of the supremacy of parliament over cabinet and advised the federal government to remove all restrictions on personal liberties and restore all the liberties enjoyed before the war.

Mr. Crerar said he had little doubt that there would be a good representation of farmers in the next parliament and he would like to see 15 or 20 labor men there, too, the farmers would meet heavy opposition since special privilege died hard. Mr. Crerar expressed his belief in the principle of direct taxation and denounced the existing tariff system.

After his speech and answering a question, Mr. Crerar declared it was his personal opinion that federal and provincial matters should be kept entirely separate.

"If the farmers permit their objective to be altered of sending to Ottawa a solid representation of supporters of the farmers' platform, I think they will be making a great mistake."

"If you, as farmers, give the impression that you want to run everything, will you keep the support of all classes as you have it now?" he asked.

"I say, the thing to do is to concentrate on the federal field. The first and greatest thing for the farmers of Western Canada is to get a solid representation at Ottawa."

Steel Strike Settled

National Committee Called Off Strike Which Had Been In Force Since September 22

Pittsburgh, Pa. — The strike in the steel mills and furnaces called September 22, and which, at its inception, involved 3,700 men, was officially called off here by the national committee after an all-day meeting.

Announcement that the national committee had decided to proceed no further, was contained in a telegram sent to the headquarters of the American Federation of Labor in Washington, to "the heads" of all international unions interested, and to the organizers and field men in all strike districts.

Sinn Feiners On Hunger Strike. — Cork. — Forty Sinn Fein prisoners in the Cork jail began hunger strike as a protest against the discrimination shown by the authorities in the ameliorative treatment provided them. Some of these prisoners have already been tried, while others are awaiting trial.

Further Trouble Appears To Be Pending in Egypt

Cairo. — A conversation between Viscount Milner, special British commissioner, with the Grand Mufti of Egypt, who is the religious chief of the Mohammedans in Egypt, is reported in the newspaper El Mier, in which the Grand Mufti attributed the present troubled spirit to the country's disappointed expectation regarding its independence.

Lord Milner contended that a protestant was necessary, to Egypt's interests and that a discussion could settle nine out of ten disputed points. The Mufti replied that no Egyptian would enter into a discussion except on the basis of independence. Lord Milner maintained that some Egyptians were willing to discuss the subject, but fear it would lead them.

The Grand Mufti declared that every country has its traitors but every patriot would refuse to enter into such a discussion. The commissioner sought to convince him that Great Britain was

More Play For School Children

Dr. John Noble Advocates More Outdoor Exercise in Public Schools of Ontario.

Ottawa. — In the education of the children in the public schools of the province more money should be spent on hockey sticks and less on text books, declared Dr. John Noble, chairman of the Toronto board of education, speaking at the conference of the Urban School Trustees association here. He advocated more play, more outdoor work and increased attractiveness for the younger children, especially including music, dancing and theatricals.

Reduce War Criminals List

Ex-Crown Prince and Crown Prince Ruppert of Bavaria to Be Tried.

London. — The list of war criminals to be denounced by the allies for trial has been considerably revised and reduced from the originally proposed twelve hundred to about three hundred, according to the Daily Mail. "It was thought better," the newspaper adds, "to demand only those against whom specific serious charges have been assured, than a long list releasing many persons charged with light offences."

"The German crown prince and Crown Prince Ruppert of Bavaria remain on the list."

Wheat Exports to U.S. Increased. — Ottawa, Ont. — How lifting the embargo on wheat has affected traffic with the United States is shown in figures issued here. In the month of November the exports were 258,263 bushels, valued at \$914,241. In December, in 15 days of which the embargo was off, the exports were 1,190,507 bushels, valued at \$2,590,505.

Largest Hotel for Women Only. — New York. — The largest hotel in America, exclusively for women and designed especially for business women and those of moderate means will be erected in the heart of New York at Fifty-seventh street and Lexington avenue. It will contain approximately 700 rooms to be rented at \$1 to \$2 a day.

Form Society To Fight Soviets. — Sarnia, Ont. — Prominent citizens working in conjunction with the veterans of the great war, will shortly call a general citizens' meeting here to give birth to an association which they hope will become nation-wide and which will have for its aim the frustration of sovietism in the Dominion.

Osceloa, Ark. — F. W. Hapgood, owner of a chain of playation stores, was bound to a post and burned to death by robbers who looted his store at Holt, near here. Hapgood's clothing had been saturated with gasoline. The store was also set on fire.

Prospect Are Good For Overseas Trade

W. C. Nixon Speaks Highly of Situation in Britain and Other European Countries.

Ottawa. — Prospects for Canada's overseas trade, both in Great Britain and other European countries are excellent, according to W. C. Nixon, who was a member of the Canadian trade mission in London with Lloyd Harris, and who is in this city in conference with Sir George Foster and other members of the government and the Canadian trade committee in regard to overseas trade matters.

In the conference held a plan for continuing the trade representation and activities in Great Britain and other countries is being formulated and it is hoped will be satisfactorily completed within a few days.

Mr. Nixon expects to return to London about the end of the month. While in Canada he will also confer with Lloyd Harris.

Italian's Death Is Causing Trouble

Native, Trying to Turn Incident to Political Uses.

Cairo. — Italians here are greatly excited over the killing of an Italian musician by a British soldier and are getting the sympathy of a section of the natives who are trying to turn the incident to political uses. A military picket was holding up traffic to allow troops to pass. The Italian tried to break through, but was thrust back, whereupon he struck a soldier. Another soldier inflicted injuries on the Italian from which he died.

The students of Alahzar university threatened a demonstration at the funeral, but the Italian consul, who accepted the British official explanation, diverted the procession. A few hundred Egyptians demonstrated in the streets, denouncing Great Britain and cheering for Italy.

Food Situation Bad in Berlin

Authorities Charge That Present Supplies Are Mere Patchwork.

Berlin. — Papers discuss at great length and with much concern the food situation of the immediate future, so far as Berlin is concerned. Mayor Wermuth and his associates in the municipalities are not satisfied with the assurances given them in the course of their conference with the government. They assert that the government is unduly optimistic in view of the actual conditions.

The national grain bureau is disposing of only sufficient wheat supplies to ensure flour deliveries for fourteen days. Unless stocks are quickly moved, it is admitted that the capital is facing a genuine catastrophe at the beginning of February. The municipal authorities charge that the present makeshifts are mere patchwork and that they merely suffice to tide over the provisional shortage.

The city of Berlin is allowing a two-pound turnip ration as a partial offset to the potato shortage.

Clemenceau as President

Declares, However, That He Has Not Made Himself Candidate.

Paris. — The exact words of Premier Clemenceau on his return to Paris, with regard to the presidency, was thus described by Gustave Herre's newspaper, Victoire: "I have not declared myself a candidate but if I am borne to the presidency of the republic I will accept."

The Echo de Paris quoted the Premier as having said: "The truth is the presidency of the republic is being forced upon me. I am being carried to the post."

Lenine Makes New Peace Offer

Stockholm. — Nicolai Lenin, Russian Bolshevik premier, has made a new peace offer to the allies, who is being taken to London by Colonel Tallents, British representative in the Baltic states. Among other conditions included in the offer by Lenin is a promise to abolish terrorism and the activity of revolutionary tribunals, according to an Estonian newspaper.

Prince May Visit Japan

Vancouver. — Information has been received from Tokyo by S. Ukita, Japanese consul here, to the effect that the Prince of Wales probably will visit Japan this spring. He will extend his tour of Australia and India so as to embrace Japan. The compliment will be returned by the Japanese Crown Prince visiting Great Britain, if plans now under consideration of the emperor mature.

Thirty Million Russians Have Died

Death Toll Exclusive of Five Million Men Killed on the Russian Front.

New York. — Thirty million men, women and children have died in Russia from violence, famine and disease in the last three years, according to a statement on present conditions in the once-great empire, which was made by Princess Catherine-Speransky, grand daughter of Ulysses Grant, in an appeal in behalf of the American Central committee for Russian relief. The tremendous death toll mentioned by the princess was based on the death of five million men who had laid down their lives on the Russian front, fighting for the allies.

Manitoba to Have Mounted Police

Organized for the Purpose of Enforcing Law in Remote Sections.

Winnipeg. — A provincial mounted police force is to be organized in Manitoba for the purpose of enforcing law in the new Rice Lake and The Pas mining companies and other remote sections. Col. J. G. Ratray, D.S.O., recently appointed chief of the provincial law enforcement department, announced: "The new force will be remodelled, it is understood, after the Saskatchewan mounted police, which has met with considerable success since its organization three years ago."

Manitoba Elections in July

Term of Provincial Government Will Expire on August 6.

Winnipeg. — Hon. Edward Brown, provincial treasurer, states that the Manitoba provincial elections will probably take place the third week of next July. The term of the provincial government automatically expires August 6, 1920.

Mr. Brown declared that the election lists will not be revised until the first week in July, and it is necessary for at least seven days to expire between that time and the day of election.

"It is not customary," said Hon. P. J. Armstrong, provincial secretary, "to have elections either in seedling or harvest seasons, therefore, the later part of July is the probable time for the election."

Unless some unforeseen circumstances crop up, said Premier T. C. Norris, July 25 will likely be the date. The last election was held in 1915.

Mopping Up Continues

Four Hundred Reds Are Held For Deportation.

Detroit. — Examination of the 900 alleged radicals taken in raids here has been completed and more than 300 prisoners were turned over to immigration officials. Including those arrested in the November raids four hundred prisoners are now held here for deportation.

Visit Was Satisfactory

Paris. — Prince Feisal, son of the King of the Hedjaz, left Paris. The trips says it is informed that the negotiations of Prince Feisal with the French government resulted in a complete accord, by which the prince administers the formation of an Arabian state, to include Damascus, Aleppo, Hama, and Hama, under the administration of Prince Feisal, with the assistance of French officials.

Sir Robert Borden Joins Lord Jellicoe. — West Palm Beach, Fla. — Sir Robert Borden, who has been spending a brief vacation in Florida, left with Admiral Viscount Jellicoe, former British first sea lord, who passed through here en route from Washington to Key West. It was understood that Sir Robert would go to Cuba, where Viscount Jellicoe will board a British warship.

Agreement With G. T. Apperard

Ottawa. — Another step toward the completion of the government end of the agreement for the purchase of the Grand Trunk railway system was made with the approval by the governor-in-council of the form of an agreement between the government and the Grand Trunk company. Announcement was made that the agreement had been approved.

To Find Agreement on Peace

Washington. — Senate Underwood, Democrat, Alabama, served notice in the senate that unless the deadlock over the treaty of Versailles was broken within a few days, he would press his resolution calling for the appointment of a bi-partisan committee of the senate to work out some agreement.

Split in Ranks of Democrats Over League of Nations

Prince to Visit His Alberta Ranch

Purebred Dartmoor Ponies and Short-horn Cattle Are Being Shipped.

Calgary. — The Prince of Wales is determined to visit his ranch in Alberta the coming fall on his way back from India, he told Professor Carlyle of Calgary, who has just returned from England, where he made arrangements for the shipment to the ranch of thoroughbred Dartmoor ponies, which the prince is introducing to Alberta, also thoroughbred short-horn cattle and Shropshire sheep. The name of the ranch has been fixed by the prince as the "E. F. Ranch."

Prof. Carlyle, who is manager of the George Lane ranches, will also manage the prince's ranch.

Crooks Refuse to Mix With Radicals

"Respectable Prisoners," Led By Auto Bandits, Made Attack on Red In Jail.

Chicago. — Investigation of why more than 100 Reds arranged at the federal building were suffering from black eyes, cut lips and bruises, revealed a riot at the county jail in which "respectable prisoners," led by a quintet of auto bandits and jewel thieves, attacked the radicals.

The riot is said to have occurred last Sunday. John Russo, held for robbery and credited by the jail-keepers with being the ringleader in the assault of the Reds, is said to have knocked out fifteen of the radicals before guards quelled the riot.

Important Documents Seized

Two Printing Establishments at Washington Raided by U.S. Federal Agents.

Washington. — Federal agents raided the premises of the Volks Zeitung, a German socialist paper published here, and the Chatham Press, a printing establishment in which alleged communistic literature had been printed. Pamphlets, placards and literature were seized at each place, and taken to department of justice headquarters. No arrests were made.

Agents, who made the raid, declared that the seizures were among the most important since the nation-wide campaign against Reds was made. The literature is printed in Russian. Ludwig Lore is the editor of the Volks Zeitung.

It costs eight cents to have a collar laundered in Paris.

Red Activity In Britain As Well As U. S.

London. — Bolshevik agitators in this country were working energetically along lines similar to those projected by the radicals in America, namely, the overthrow of the government and the establishment of soviet form of government. It is thought probable that the plans on this side of the Atlantic have not yet reached the point achieved by those in the United States, but it is believed that the radicals here are rapidly reaching the point where they might seize upon some big labor strike as an opportunity for starting a revolutionary movement.

While these facts are common knowledge to close observers of the situation, it is said to be impossible for the British authorities under the present ultra-liberal laws of free speech to do much more than watch the progress of events. In other words, it is declared the British, broadly speaking, cannot take preventive measures, but must be content to deal with some actual event.

Great Britain can and does deport undesirable aliens, but in the case of British subjects the situation is more delicate. There are only a few big Red leaders, but they have a sufficient following to form a goody sized nucleus for organization. Their whole effort now is centred in sowing the seeds of discontent and they are banking on the employment of mob psychology in starting trouble in the event of a widespread strike, according to the authorities.

The Red idea, it is asserted, is to work for affiliation with existing organizations, rather than for the creation of new ones. The agitators are not to be reached by the law except for direct indictment to revolt or for some other breach of the peace.

Washington. — A split between President Wilson and William Jennings Bryan over whether the League of Nations should be made an issue at the coming election, topped off the Jackson Day deliberations of the Democratic party chiefs.

It came at the Jackson dinner as the climax of a day in which San Francisco had been chosen as the meeting place of the Democratic national convention on June 2 and in which Mr. Bryan, showing all the old-time vigor with which he led the fight for the president's nomination in Baltimore in 1912, declared that the Democratic party could not go before the country on the issue, because it involved a replay of fourteen months, and meant the success only if the Democrats captured a two-thirds majority of the senate.

"The party," Mr. Bryan declared, "must secure such compromises as may be possible."

The disagreement between the president and his former secretary of state, the first in public view since Mr. Bryan left the cabinet because he did not agree with the president's course in the diplomatic negotiations with Germany, was thus disclosed as a fact, although it has been rumored and reported in the underground currents of national politics.

In the opinion of political loggers, it crystallized an issue. President Wilson, in his message, said nothing whatever about a third term for himself and neither did he make any formal announcement of his intended retirement to private life, as some had forecasted he would.

Mr. Bryan, in his prepared address, said nothing bearing on any ambitions toward a fourth presidential nomination, but before reading his manuscript he said he had nothing to ask, therefore the dinner was a failure.

Prohibition Rejected in New Zealand. — London. — A despatch from Wellington, N. Z., says that on the referendum recent prohibition has failed to secure the necessary absolute majority. The present system will, therefore, continue.

Refuse to Discuss Frontiers

London. — A wireless despatch from Berlin says the supreme council at Paris has refused a request of the German government to negotiate a modification of the German frontier lines, as they are stipulated in the peace treaty.

Making Schooners At Edmonton

For the use of Eskimo Navigators
on Arctic Waters.

Two, made in Edmonton schooners for the use of Eskimo navigators on Arctic waters are now being given their finishing touches preparatory to a start on their way north to Fort McMurray, and when navigation opens in the spring they will complete the northward journey by towing down the Slave and Mackenzie rivers to Fort McPherson. The boats are 40-foot craft, carrying a spread of canvas on two masts, and will be some three tons weight. When they reach their destination they will be sold to the Eskimos on a trade-and-barter basis, raw furs being taken in payment.

HEALTH FOR THE BABY

The baby of today is the man or woman of tomorrow. Thus the success of the future man or woman depends upon the baby's present welfare. If the baby is sickly and ill-nourished it is not to be expected that he will grow into a strong, active man who will hold his own in the business world a few years hence. Mothers, it is a duty you owe the future to keep your little ones well-nourished. This can be easily done if Baby's Own Tablets are kept in the house. The Tablets are a mild but thorough laxative, which regulate the bowels and sweep the stomach and thus make baby healthy and strong. Concerning them Mrs. W. Orser, Elmdale, Ont., writes: "I have a fine healthy boy three years and have used Baby's Own Tablets for him ever since he was a small baby. I certainly think them a splendid medicine." The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Increase in Creamery Output

Saskatchewan Past Coming to the Front in Dairying.
F. Hedley Auld, deputy minister of agriculture for Saskatchewan, is authority for the statement that creamery butter products in Saskatchewan have increased during the past year from 30 to 35 per cent, as compared with the year 1918. The increase in 1918 over the year 1917 amounted to 50 per cent.

Saskatchewan, he said, was fast coming to the front as a dairy producing province and he was of the opinion that development in the future would be rapid. Quality was, however, what counted and anything that could be done in the way of improving the need for a higher quality of butter would be a step in the right direction.

Packing Boxes Without Nails

A Novel and Ingenious Form of Packing Crate or Box

Arrangements are being made in Great Britain for increasing the output of a novel and ingenious form of packing crate or box. It requires no nails, no screws, no hinges, no wires; it is collapsible, and when put together is capable of holding any kind of merchandise. Rigidity is obtained by a system of interlocking parts. A special method of setting the form of the package after it has been extracted of the pilferer more difficult. With the ordinary nailed-up box it is an easy job for the railway thief to apply a jemmy or a nail-filer and restore the original outward appearance of the package after he has extracted the contents. With this new crate it is impossible to extract any goods without leaving obvious signs that the package has been tampered with. Another advantage in these days of congested transport is that "returned empties" take only one-fifth of the space occupied by the non-collapsible box.

Minard's Liniment Cures Diphtheria.

Getting Gold Out of Australia.
Australia forbids the export of gold without authority, but the Chinese who go back to their own land on a visit show considerable ingenuity in taking away the coveted sovereign. Recently customs inspectors made a rich haul in a ransack the back of a shaving mirror, an alarm clock, and the leather band of a hat. The Chinese cheerfully paid the import duty on the package and were delighted when the confiscated gold was returned to them.

Piles Cured in 6 to 14 Days
Druggists refund money if PAIN OINTMENT fails to cure itching, blind, bleeding or protruding piles. Sore irritation, Swollen and Healed. You can get relief soon after the first application. Price 60c.

New Use For Echoes

Device Invented for Taking Soundings at Sea.

An inventor in Oakland, California, has found a new and practical use for echoes, and as a result the time may come when the practice of "heaving the lead" at sea will be a thing of the past in historical notes and old maritime history. The anemometer, as the new device is called, sends a sound from the keel of the ship to the bottom of the sea; the sound comes back as an echo, and the journey, automatically recorded on a dial, is translated into terms of length. The report shows the depth of water between keel and bottom, calculated from the known speed of a sound-wave in salt water, and the knowledge may be acquired at the rate of four soundings a minute, which is very much faster than by older methods. The mariner, to be sure, has only recently gone to sea, if indeed the steamer Governor, which will carry the first of them, has yet left dry dock in Seattle, Washington. But the instrument promises to add materially to the security of ocean traffic.—Christian Science Monitor.

His Flesh Horribly Burnt

His druggist sold him a cheap acid cream, what he should have bought was Putnam's Corn Extractor; it's purely vegetable and acts in 24 hours. List on only Putnam's Extractor, 25c at all dealers.

Control of Constantinople.
Internationalization of Constantinople and the Straits of Dardanelles has been decided upon along the lines laid down by Premier Lloyd George of Great Britain, in a recent speech, according to the Paris Mail. It is certain, the newspaper says, that the seat of the Turkish government will be transferred to Asia Minor and be located either at Brusa or Koniah. Details of the form of international control which will be established over Constantinople have not as yet become known.

Smoking in the streets of London was not known until introduced by officers who had returned from the Crimea.

The opposite side of the street is one thing that never comes to a man who waits.

W. N. U. 1298

Army of Occupation Maintained

Declare Germany's Request for Reduction in Force Is Unwarranted.
An allied note delivered to the German delegation refused to decrease the number of troops effective destined for the territories in which plebiscites are to be held. The note says that non-participation by the United States in the proposed occupation already has decreased the effective by one fourth, and Germany's expense will be reduced accordingly and that therefore Germany's request for a lessening in the number of troops is unwarranted.

FALLING? HERE'S

WHERE IT SHOWS

Don't worry! Let "Dandine" save your hair and double its beauty

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Dandine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications, the hair usually stops coming out and you can find dry dandruff. Your hair will grow strong, thick and long and appear soft, glossy and twice as beautiful and abundant. Try it!

Present Flag to City

Winchester, England, Gives Token of Friendship to Winchester, Va.

As an expression of friendship of the people of Winchester, England, through which 1,000,000 American soldiers passed on their overseas journey to join the American Expeditionary Forces, the original municipal flag of the ancient British city has been presented to its American namesake, Winchester, Virginia.

Flax Growing in Western Canada

Canadian Natural Seed Shipped During the War to Ireland

During the war it was demonstrated beyond a doubt that Western Canada can produce flax that will compare favorably with that produced anywhere else in the world. Large quantities of Canadian natural seed were shipped during the war to Ireland, where the resultant crops were such as to give satisfaction to the exacting flax farmers of that famous linen-producing island. Canadian-grown flax has been in great demand among linen and thread manufacturers in Europe and the United States, and home manufacturers are springing up in the hope of proving competitive with the flax growing industry on Canadian farms. It is the expectation of departmental experts in Western Canada that very shortly a great portion of the binder twine necessary for the grain harvest in the Prairie Provinces will be made from flax grown west of Lake Winnipeg.

If men were serpents women would all want to be professional snake charmers.

Minard's Liniment Co., Limited.
Gentlemen:—Last winter I received great benefit from the use of MINARD'S LINIMENT in a severe attack of LaGrippe, and I have frequently proved it to be very effective in cases of inflammation.
Yours,
W. A. HUTCHINSON.

What Passed.

A family row was being aired in court.
"Describe what passed between you in the quarrel with your wife," said the judge.
"The plates were regular dinner size, your honor, and the teapot had a broken spout," replied the man on the stand.—London Ideas.

The Increased Price of Wheat

The Canadian Wheat Board has announced an increase of 50c a bushel in the price of wheat to the millers. This action has been taken because Mr. Julius Barnes, of the United States Grain Corporation has succeeded in his attempt to have removed those war-time restrictions which prevented the free entry of Canadian wheat into the United States. The farmers of Western Canada must appreciate what has been done for them by Mr. Barnes.

There was a time when there was loud discussion in Canada as to what effect free wheat between Canada and the United States would have upon the price of wheat. It was argued on the one side that the price of wheat at Minneapolis would be reduced to the Canadian level, and it was as emphatically asserted on the other side that the price of Canadian wheat would approach to the higher level usually obtaining in Minneapolis. Upon whichever side of the controversy the merits of the case lay, those who argued against free wheat won in the reciprocity election of 1911.

Many things have happened since the year 1911, so many that we are living now in a new order of things altogether. Amongst the many changes that have taken place are those affecting trade in wheat as between Canada and the United States. Both countries have removed the duty on wheat. So far as governments and parliaments are concerned, free trade in wheat between Canada and the United States is now the law. During the war, and for many months after the Armistice was signed, both countries maintained restriction which made free wheat impossible. Now, however, the United States Government has removed all those restrictions, while the Canadian authorities have not. We have now a one-sided free wheat between the two countries, and the immediate result of this is an increase to the Canadian farmer of 50c a bushel in the price of his wheat.

Have the farmers of Western Canada changed their attitude in regard to free wheat? The question sounds comical now that they have, at last a concrete demonstration of the value of the American market. But the question is not as comical as it sounds, and for this reason there is a chance in a hundred that the United States will keep its market open if Canada continues its present method of selling wheat. The farmers of the United States, especially of the spring wheat growing areas, cannot be expected to look with favor upon the free entry of Canadian wheat into their markets, and they will find allies in the United States in any attempt they may make to re-impose the duty or the restrictions. And in making such an attempt their spokesmen can make use of the kind of argument which has never failed to find a response in the United States.

They can argue that while Canada has removed the duty upon American wheat, it still maintains its restrictions, because American wheat and flour cannot come into Canada except through a permit or a license from the Wheat Board. Not only so, but it can be argued with perhaps still greater effect, that American millers cannot purchase Canadian wheat on commercial terms and by commercial methods; that if they attempt to purchase Canadian wheat they can deal only with a Wheat Board which has a statutory monopoly of all Canadian wheat, and that, therefore, the Canadian market is not only closed as against United States wheat and flour by its licensing system, but also that this form of protection is reinforced and strengthened by the Canadian Government method of selling.

It is impossible to show that this argument is false. This being the case, it is unthinkable that the United States will long keep her market open to Canadian wheat if Canada continues this method of selling. True enough, the United States authorities have not objected so far as the present crop year is concerned, and they have not objected for the simple reason that they have no logical foundation upon which to base such an objection so far as this year is concerned. If Canada has a Wheat Board, they have a United States Grain Corporation. If Canada has restrictions still, they had restrictions until the other day. The operations of their Grain Corporation were so limited since the beginning of the present crop year that it was no inconvenience to them to remove their restrictions against Canadian wheat in the middle of the crop year.

The operations of the Canadian Wheat Board are so complicated that it cannot be expected that they should cease their operations before the end of the present crop year. So far, therefore, as the handling of this year's crop is concerned, there is no reason why the United States should object to Canada's method of selling her wheat, but should Canada maintain her present method of selling beyond this crop year, there is not a chance in a hundred that the United States will keep her markets open free to Canadian wheat.

It would be a curious development if, while the farmers in 1911 fought and voted for free wheat, they should for 1920 adopt a method of marketing Canadian wheat which would as inevitably defeat free wheat between Canada and the United States as thoroughly as it was defeated in 1911.

The above article appeared in the Winnipeg Telegram December 29th. Without expressing any opinion on it I think it is worthy of the most careful consideration.

JOHN E. BOTTERELL,
President Winnipeg Grain Exchange.

Germany Holding Back

Allied Commission to Pay Visit to Hamburg and Danzig

The supreme council has decided to send a commission to Germany to take an inventory of the docks at Hamburg and Danzig. The council's action followed charges that Germany is withholding part of her assets in marine materials, demanded by the allies as reparation for the sinking of the Scapa Flow fleet. A report of a conference between German and French military leaders was read to the conference showing the Germans had not ordered sufficient transportation facilities for troop movements connected with carrying out the treaty terms for plebiscites.

The scales of a fish don't give it a weigh.

Canada's School Problem

In the course of an address recently delivered at Ottawa by Dr. J. H. Patten, inspector of public schools, he dealt with the need of getting the right men and women as teachers in their schools. He declared that if the people of Canada desired a higher type of citizenship, they would have to have a type of teacher with the characteristics of maturity and of permanence—characteristics for which they would have to pay. The majority of people, he said, had not grasped the significance of the teacher in the elementary schools.

Volves have a singular fear of a certain sound of music. Experiments have shown that low minor chords on a violin cause the greatest agitation in them.

Because William Potter, president of the Fernie O.B.U., was ordered off the train carrying the Coal Creek miners to work on Wednesday morning for refusing to pay his fare, the men decided not to enter the mines and they are on strike.

We understand that Messrs Gresham and Comfort have purchased Archie McLeod's interest in the Blairmore hotel property, and will carry on a general furniture trade in that part of the building formerly used as a second-hand store.

C. F. Sedgwick, of Lundbreck, was in town on Wednesday. Mr. Sedgwick is obliged, through failing health, to take a holiday, and leaves this week for Hamilton and other points in eastern Canada.

Premier Stewart announces that at the opening of the Alberta legislature he would nominate Captain John Plingle, M.L.A., for Redcliff, for the position of speaker of the house in succession to the late Hon. C. W. Fisher.

Miss Mary L. Walsh, who had been canvassing the district book-keeping Private Peat Dominion Chautauque for 1921, left here for the west on Tuesday morning.

Miss Walsh was successful in securing over fifty guarantors for the introduction of the Peat circuit in 1921.

Among the new pupils at first day of school was a small Nova Scotia lad. The teacher asked him his name.

"Pete Peterson," he replied. "And how old are you?" was the next question.

"I do not know how old I am," said the lad. "Well, where were you born?" persisted the teacher.

"I not born at all; I got step-mother."

An English captain who had heard that American troops were in France, but as yet had seen none in his sector, passed one night by an abandoned dug-out. Hearing movements within, he at once thought of German spies, drew his pistol and leveled it at the entrance.

"Who's in there?" he called. A flash of white teeth showed in the darkness and a soft voice answered "Dis am de American army, Suh!"

Change in the management of the Italian-Belgian Co-Operative Store has been effected. Mr. Rhynas, who has successfully managed the business since his return from overseas, has resigned to devote his full time to the district secretaryship of the Great War Veterans' Association, and is succeeded by Mr. Walter W. Scott, until recently connected with the Trilts Wood Co. at Ferlie.

Dr. and Mrs. A.H. Baker returned tonight from their honeymoon trip.

Mrs. H. Gibbons has returned from a several months' health trip to the States.

A grand moose skin dance will be held on the Frank skating rink tomorrow (Friday) night.

Reports of I.O.O.F. and Masonic installations are crowded out of this issue and will appear in full next week.

Mr. Lambert, of the Soldiers' Re-establishment Bureau at Macleod, has been looking after local affairs the past week.

Three special trains containing 340 McLaughlin Buick cars were dispatched from Blairmore to Coleman this week. Mr. A.M. Morrison has the agency at Coleman.

Great Britain is prepared to release American-owned goods seized during the war upon the establishment of their American ownership at the time the goods were shipped.

Don't forget the Burns concert to be held in Bellevue on Friday night next. Included with other notable talent will be Mr. McLeod, the popular Fischer Creek baritone. Concert starts at 8 sharp.

At a meeting of Bellevue raters held last night, an election took place to fill the vacancy caused by the retirement of Mr. Christie.

Mr. Walter Wain was the successful candidate. The Bellevue board for the year 1922 is Rev. H. Peters H. Blake and W. Wain.

Rev. H. H. Bingham, pastor of First Baptist church, Calgary, and Mr. J. O. Trotter, of Calgary, will address a public meeting in the Union church, Blairmore, on Wednesday night next, at 8 o'clock, in the interests of the inter-church forward movement.

The ladies' auxiliary of St. Anne's Catholic church will hold a whist drive and dance in the Masonic hall on the evening of Friday, Jan. the 23rd, at 7.30. Good prizes will be awarded and a good time is assured.

The ladies will also give a whist party at the home of Mrs. James Naylor, Frank, on Wednesday evening next.

On Sunday, the 25th, Rev. Dr. Kerby will preach in Hillcrest Methodist church at 11 a.m., and at Bellevue at 7.30. On the Monday night following, Dr. Kerby will lecture on "Gains of War and Tasks of Peace." A charge of 25 cents will be made on the latter occasion, and refreshments will be served and a social programme carried out. Don't miss these special services.

One has got to be mighty careful in these prohibition days not to insult his fellow man. A few days ago we were trying to fix up a bill announcing a Burns' Anniversary affair, and were stuck on the spelling of a popular Burns' quotation.

Bill McVey just happened to be passing our way and we called him in, remarking: "You're just in time. We were looking for a man with a little Scotch in him!" Bill wouldn't speak to us for a whole ten minutes afterwards.

Dancing was then indulged in and continued into the wee sma' hours, when the (K)night, true to their name, wended their way homewards, satisfied with the evening's enjoyment.

Pythians Install At Coleman

A joint installation of Sentinel Lodge No. 25, K. of L. of Pythias and Progressive Temple No. 8, Pythian Sisters, was held in the Castle Hall, Coleman, on Friday evening last, when members of both lodges and friends, numbering over one hundred, were present and thoroughly enjoyed the interesting and impressive ceremonies.

Grand Chancellor A. J. H. Dunobue, of the Grand Domain of Alberta, Knights of Pythias, having paid an official visit the night previous to the Knights' lodge, was prevailed upon to prolong his visit and conduct the installation of the officers of Sentinel Lodge, and was assisted by P. C. Brothers Milley and Nelson, while Sister Mrs. J. Fraser, P. S. C., assisted by P. C. Mrs. Eacott and Mrs. C. Glendinning conducted the Pythian Sisters' installation. Bro. William Chapman, retiring C. C., was presented by G. C. Donohoe with a P. C. jewel. The following were the officers installed:

Pythian Sisters
P. S. C.—Sister Mrs. B. Muir
M. E. C.—Sister Mrs. J. Fraser
E. S.—Sister Mrs. E. Smith
E. J.—Sister Miss B. Gillespie
M.—Sister Mrs. J. Johnson
M. of F.—Sister Mrs. M. Eacott
M. of R. & C.—Sister C. Wainman
P.—Sister I. Denham
G. O. I.—Sister M. Jenkins

Knights of Pythias
C. C.—Bro. J. R. Woods
V. C.—Bro. J. T. Griffiths
P.—Bro. A. Mousty
M. of W.—Bro. William Chapman
K. of R. & Seal—Bro. D. Gillespie

M. of F.—Bro. J. Roshon
M. of E.—Bro. W. Nelson
M. of A.—Bro. T. Smith
I. G.—Bro. J. Ford
O. G.—Bro. J. Denham

After installation, the Sisters soon had the tables laid with one of the splendid suppers for which they have gained excellent reputation, in which ample justice was done, and then some. Everyone being now in good humor and open to conviction, C. C. Bro. Woods called upon Grand Chancellor Donohoe to address the gathering and get in some of the good work of which he was most capable, while his audience was in a receptive mood. Bro. Donohoe, on rising, expressed the pleasure it gave him to be present, and remarked that when he arrived to visit Sentinel Lodge, he did not think that it would include taking part in such an important event.

After sketching the work of the order being done in his domain, he emphasized the necessity of a greater fraternal spirit amongst the members, and urged them to forget the petty differences which arise at times to disturb the harmony and peace which should reign at all times in the lodge. Bro. Woods, in returning thanks, remarked that it gave them great pleasure to have Grand Chancellor Donohoe present with them, and that there would always be a hearty welcome awaiting him in Sentinel Lodge, come when he may.

Dancing was then indulged in and continued into the wee sma' hours, when the (K)night, true to their name, wended their way homewards, satisfied with the evening's enjoyment.

Union Bank OF CANADA

55th ANNUAL STATEMENT—29th NOVEMBER, 1919

Fifty-fifth Statement to the Shareholders Discloses Continued Growth of Influential Canadian Banking Institution—Total Assets Built Up to \$175,000,000 and \$2,000,000 Added to Reserve Fund—Significant Extension of Connections in Canada and Abroad, Aimed to Assist in the Financing of Canada's Foreign Trade—Bank in Strongest Position It Has Ever Held.

The Fifty-fifth Annual General Meeting of the Shareholders of the Union Bank of Canada was held at the Head Office of the Bank, in the City of Winnipeg, at twelve noon, on Wednesday, January 1, 1920.

The President, Mr. JOHN GALT, in the chair.

DIRECTORS' REPORT.
The Directors have pleasure in presenting their report, showing the result of the business of the Bank for the year ended November 30th, 1919.

During the year 89 branches and agencies were established.

In the Province of Prince Edward Island, 1—Charlottetown.

In the Province of Nova Scotia, 3—Berkley, Kentville and Miramichi.

In the Province of New Brunswick, 2—Moncton and Sussex.

In the Province of Quebec, 1—Kenogami.

In the Province of Ontario, 13—Blenheim, Barriett's Rapids, Caledon, Campbellford, Charlton, Easton's Corners, Indian River, Ridgeway, Rodney, Toledo, Toronto, Woodville and Gerrard, Wawa and Woodville.

In the Province of Manitoba, 28—Altamont, Angusville, Chassville, Chassville, Deepdale, Dropmore, Elm Creek, Elphinstone, Grayville, Homewood, Love Farm, Margaret, Morris, McAulay, Oakburn, Rosebank, Roselle, Sandy Lake, Sanford, Solonville, Spring, Winkler, Winnipeg, Corydon and Lyle, Ellice Ave. Main and Landoway, Main and Mountain, Union Stock Yards and West Kildonan.

In the Province of Saskatchewan, 22—Alma, Carruthers, Colville, Dewar Lake, Drake, Eaton, Gowan, Gurney, Jansen, Kerestown, Kyleville, Limerick, La Porte, Major, Manitoba, McNicoll, Nicholville, Palmer, Rimbald, Salvador, Stewart, Strongfield.

In the Province of Alberta, 17—Amdia Valley, Almondale, Bentley, Black Diamond, Hillhurst, Calgary, Chasvin, Clive, Duchesne, Leduc, Loyalist, Lundbreck, North Edmonton, Rimbey, Selkirk, Smithville, Sunnyside and Watrous.

In the Province of British Columbia, 3—Vancouver (City Heights), and Duxie.

The number of branches and agencies in operation on November 30th, 1919, was 88.

The usual inspection of all branches and agencies has been made.

During the year Advisory Committees were appointed at Vancouver, B.C., Montreal, Que., and London, England.

PROFIT AND LOSS ACCOUNT.
Balance at credit of account, 30th November, 1918, \$126,238.90.

Net profits for the year, after deducting expenses of management, interest due depositors, reserving for interest and exchange, and making provision for bad debts, \$32,256.80.

From Premium on new stock \$1,781,179.00.

Under discount, have amounted to \$2,839,725.70.

Premium on new stock \$2,839,725.70.

Which has been applied as follows:—
Dividend No. 128, 2½ per cent, paid last March, 1919, \$125,617.45.

Dividend No. 129, 2½ per cent, paid 2nd June, 1919, \$132,770.63.

Dividend No. 130, 2½ per cent, paid 2nd September, 1919, \$142,143.82.

Dividend No. 131, 2½ per cent, payable last December, 1919, \$147,739.32.
